**Session 1: Opening**

|                       |  |  |
|-----------------------|--|--|
| Introductory Remarks: | Eng. John W.H.V. Kijazi – Chairman<br>Tanzania T <sup>2</sup> Centre Management Committee                      |  |
| Welcome Address:      | Hon. John P. Magufuli (MP)<br>Minister for Works, Tanzania.  |  |
| Opening Speech:       | Hon. Dr. Omar Ali Juma,<br>Vice President of The United Republic of Tanzania                                   |  |
| Key Note Address:     | Prof. Theophil Rwebangira, Head Transportation Section,<br>Faculty of Engineering, University of Dar Es Salaam |  |

**Session 2: Technology Transfer (T<sup>2</sup>) Centres and Initiatives**

|   |         |
|---|---------|
| The Role of the World Road Association (PIARC) in Technology Transfer<br>C. I. Ellis  | 1 - 7   |
| Federal Highway Administration International Technology Transfer Program<br>A. Logie  | 8 - 15  |
| Establishment and Operation of a National Technology Transfer Centre<br>(The Case of Tanzania) - J. M. Mbogoma and B. C. Mukama | 16 - 24 |
| The Establishment and Operation of Tanzania Technology Transfer (T <sup>2</sup> ) Centre<br>H. K. S. Bishanga                   | 25 - 39 |
| Establishment and Operation of a Technology Transfer Centre – Zimbabwe<br>Experience – J. Hwindingwi                            | 40 - 55 |
| Technology Transfer Centred Operations and Activities: Stakeholder Involvement<br>L. J. Wright                                  | 56 - 65 |

**Session 3A: Effective Road Technology Transfer Programmes**

|  |         |
|--|---------|
| Technology Transfer in Transport Planning: A Challenge and Necessity for<br>African Cities - V. Vokolkova. | 66 - 80 |
| Engineering Activities Sustain Technology Transfer in Alabama<br>J. R. McCarthy                            | 81 - 87 |

|   |           |
|---|-----------|
| Seamless Technology Transfer via Strategic Partnering between<br>State Transportation Agencies and Academic/Research Institutions<br>J. Mbwana, O. A. Elrahman, P. Mack and A. H. Meyburg | 88 - 103  |
| American AASHTO TRAC Program - J. Tate  | 104 - 110 |
| The TRAC Program in South Africa – E. Fourie  | 111 - 119 |
| The Traffic Engineering and Operations Skills Training Program in Maryland<br>D. C. Nelson  | 120 - 127 |
| National Highway Institute Programs of Training and Technology Transfer<br>M. Ayele   | 128 - 137 |
| Improving Opportunities to Promote Transport Research<br>C. S. Gourley and P.R. Fouracre  | 138 - 152 |
| <b>Session 3B: Road Safety and Road Traffic Management</b>  |           |
| Regional Traffic Safety Network (RetsNet) – Transfer and Application of<br>know-how and best practice in road safety – a pilot project in Southern Africa<br>S. Tim                       | 153 – 165 |
| Systems Approach to the Road Safety Problem in Tanzania<br>M. I. Mutabazi and H.K.S Bishanga,   | 166 - 179 |
| Guidelines to Ensure Good Retroreflectivity of Traffic Signs at Night<br>G. Schertz   | 180 - 190 |
| Effects of Road Traffic Safety Measures: A presentation of the Traffic Safety<br>Handbook – T. Vaa  | 191 - 202 |
| The Different Nature of Accidents in the Urban, Village and Rural Areas in<br>Botswana (1995-1998 Accident Statistics) - B.B. Madzikigwa  | 203 - 219 |
| Teaching Children in Developing Countries to be Safe Road Users<br>A. Quimby  | 220 - 233 |
| Road Safety in Tanzania: What are the problems? - C. W. Chiduo and P. Minja   | 234 - 246 |
| Road Safety Activities in a Road Maintenance Project: The case of the<br>Western Uganda Maintenance Capacity Building Project<br>J. Leyland, F. Tumwiine and J. M. Wanume                 | 247 - 255 |

|  |           |
|--|-----------|
| Road Safety Performance Indicators for Developing Countries:<br>The case of South Africa - H.J.S. Lotter | 256 - 267 |
|--|-----------|

|   |           |
|---|-----------|
| Application of Settlement Interaction Based Rural Road Network Modes in<br>Nawal Parasi District of Nepal - C.B. Shrestha | 268 - 287 |
|---|-----------|

**Session 5A: Road Management**

|  |           |
|--|-----------|
| Improving Road Management and Financing – A Review of Some Recent<br>Experience of Policy Reforms in Africa - S. Brushett and A. Kumar | 288 - 304 |
|--|-----------|

|  |           |
|--|-----------|
| Road Transport Sector Reforms: “The Tanzanian Experience”- W. Lyatuu | 305 - 319 |
|--|-----------|

|   |           |
|---|-----------|
| The Role of HDM-4 in Road Management - H. R. Kerali | 320 - 333 |
|---|-----------|

|  |           |
|--|-----------|
| Approach to Implementing Sustainable Road Management System in<br>Developing Countries: A Case Study in Tanzania<br>N.K. Mushule and H.R. Kerali | 334 - 349 |
|--|-----------|

|   |           |
|---|-----------|
| A Framework for Developing Stochastic Multi-Objective Pavement<br>Management Systems – J. R. Mbwana | 350 - 363 |
|---|-----------|

**Session 5B: Soil Improvement for Road Works**

|  |           |
|--|-----------|
| Chemical Stabilisation for Low Cost Roads in Botswana - T. Abadjieva | 364 - 369 |
|--|-----------|

|  |           |
|--|-----------|
| Feasibility of Pozzolan-Stabilised Pavements in Developing Countries<br>K. Eriksen et. al. | 370 - 377 |
|--|-----------|

|   |           |
|---|-----------|
| Rural Road Betterment: Consideration when using CBR PLUS and/or<br>CON-AID Materials - P. F. Savage | 378 - 390 |
|---|-----------|

|  |           |
|--|-----------|
| Typical Field Application of Consolid in Tanzania - W.N.J. Kassian | 391 - 405 |
|--|-----------|

|   |           |
|---|-----------|
| Objective Performance Measurement of Actual Road Sites Treated with an<br>Organic Soil Stabiliser – R. Brazetti et. al. | 406 - 415 |
|---|-----------|

**Session 6A: Road Maintenance**

|  |           |
|--|-----------|
| How to Sell Message “Road Maintenance is Necessary” to decision makers<br>K. Levik | 416 - 423 |
|--|-----------|

|   |           |
|---|-----------|
| Developing Appropriate Management and Procurement Approaches for<br>Road Maintenance - C. C. Parkman, K. B. Madelin, R. Robinson and T. Toole | 424 - 440 |
|---|-----------|

|  |           |
|--|-----------|
| Community Participation Approach for Road Maintenance in Uganda<br>J. Leyland, B. Tumwebaze and M. Lubega-Kagere | 441 - 451 |
| Bridge Management in Namibia: Existing Initiatives and the way Forward<br>L. Kiggundu                            | 452 - 461 |
| Use of Contest to Increase Interest and Share New Ideas on Local Roadway<br>Maintenance – G. Schertz             | 462 - 470 |

## **Session 6B: Labour Based Road Construction and Maintenance Technology**

|   |           |
|---|-----------|
| Labour based Technology in Road Construction and Maintenance -<br>experience, opportunities and challenges in Tanzania<br>L.M. Kyombo and U. L. Msengesi              | 471 - 481 |
| Increasing the Skills of Labour-Based Contractors Through the Transfer of<br>Appropriate Road Surfacing Technology<br>P.A.K. Greening, C. S. Gourley and J.M. Tournee | 482 - 493 |
| The Role of Labour Intensive Road Construction and Maintenance<br>Methods in the Political Economy of a Democratic South Africa<br>J. Mlawu                           | 494 - 503 |

## **Session 7A: Road Materials and Design**

|  |            |
|--|------------|
| The New USA Gravel Roads Manual – A. A. Selim and K. Skorseth  | 504 - 517  |
| Bitumen Emulsion Cold-Mixture – A Feasible Pavement Construction<br>Material in Tanzania. - S.I.R. Mgani and D.L. Nyaoro   | 518 - 530  |
| Innovative Initiative in Road Design, Construction and Maintenance,<br>in the Province of KwaZulu-Natal, South Africa<br>H. Bennet, K. Ducasse, G. Payne, and M. Sewlall     | 531 – 547* |
| Same-Himo Road, Tanzania. Long Term Monitoring of a Pavement made of<br>Natural Gravel Stabilised with Foamed Bitumes<br>M. O. Mataka, C. Overby, G. Refsdal and R. Johansen | 548 - 563  |
| A Guideline for low-Volume Sealed Roads in the SADC Rregion<br>P. A. K. Greening   | 564 - 573  |
| OTTA Seal Trials in Kwazulu-Natal South Africa<br>S. Oloo, D. Thevadasan and H. Bennett  | 574 - 580  |
| The Use of Coral Rock Aggregates in Road Bases, A Laboratory Investigation<br>Using Foam Bitumen - A.S. Idabaga and C. Overby  | 581 - 594  |

## **Session 8: Capacity Building**

|  |           |
|--|-----------|
| Capacity Building of Local Consultants and Contractors<br>The Morogoro Model - Urs. J. Studeli   | 595 - 607 |
| Capacity Building of Construction SMME's – Experiences on<br>South African Toll Road – G. Havemann   | 608 - 618 |
| Development of a CD-based Specifications Library and Engineer's Project<br>Estimator for the Ministry of Communication (MOC), Kingdom of Saudi Arabia<br>T. L. McNinch | 619 - 633 |
| Road Equipment Management: Its Challenge for Capacity Building of Local<br>Contractors in Tanzania – M. Bairi and M. Benedict  | 634 - 651 |
